**THE DEMOCRATIC COUNTY CENTRAL COMMITTEE** held a meeting last Saturday which was well attended. The only important business transacted was the adoption of a resolution that the Democrats would not put on a candidate against Judge Stillwell but would leave the place on their ticket blank—a very sensible and patriotic resolution. The People's party committee had a meeting also, and an effort was made to get the two committees together with a view to making a common fight against the common enemy, the Republican party. But the effort failed. As one of the Democratic candidates observed to us, "The Calamities are anxious to fuse, but their idea of fusion is for all us Democrats to get off the ticket, and we can't see it that way."

The first lecture of the High School course was delivered at the Opera House last Thursday evening by President Taylor of the State Normal School. The speaker discussed "The Measure of a Man," showing what constitutes physical, mental and moral greatness. The lecture was instructive, entertaining and well delivered and was much appreciated by the audience who gave it their closest attention. President Taylor is a man of fine appearance and pleasant address and made an excellent impression upon Iola people. He spent Friday morning visiting our schools and expressed himself as highly pleased with the character and amount of work being done in them.

In one of the lower grades of the city schools the children were asked the other day in an examination to define barbarous nations, half civilized nations, civilized nations and enlightened nations. Here are some of the answers: "Barbarous nations are people that eat each other." "Half civilized nations are farmers." "Civilized nations are people who go to church and speak proper and don't believe in idols." "Enlightened nations are people who hold office." The children evidently go to their heads rather than to books for their answers.

The teachers who last year accepted our offer to place the REGISTER on file in their school rooms free of charge found the paper so useful that they have been quick to avail themselves of the same offer which we make this year, while a great many who did not take it last year are trying the experiment now. It is the endeavor of the editor to fill the REGISTER with good, wholesome and instructive reading, it is a pleasure to know that there has been no complaint from any quarter because of its introduction into the schools.

The double stone building on the west side of the square, occupied by Mr. Bartels and Mr. Duffy, has been sold this week to Mr. W. A. Grace, of Kansas City. Mr. Grace is a young man of pleasant address and large means and the REGISTER is glad to have him numbered among the ranks of our business men.

Married: On Wednesday, October 14, at the residence of the bride's father in Iola, Rev. Wm. Hankins officiating, Mr. J. A. Daily and Miss Cora Thral. The wedding was very quiet, only the immediate relatives of the contracting parties being present. Mr. and Mrs. Daily started on the evening of the same day to Chicago where they expect to make their future home. They both have many friends in Iola by whom they are highly esteemed and whose best wishes follow them.

Mr. J. A. Heath, of Humboldt, was among our callers last Friday. We are glad to learn that the lawsuit in which he has been for a long time involved with S. A. Brown, Geo. A. Ames and others has at last been settled, the plaintiffs paying the accrued costs in the supreme court and releasing their judgments against Mr. Heath. "This is practically a vindication of Mr. Heath upon which the REGISTER heartily congratulates him."

By special invitation the Horticultural society met last Friday at the residence of Squire Young, west of the river. On account of the frost injuring the flowers, the show and fruit show was postponed for this season. The best part of the program was something every one present could take a part in, it being a bountiful dinner prepared by Mrs. Young and the ladies of the society.  
All members of the I. O. G. T. are urged to be present at the regular meeting next Monday night, which means everyone who has ever been enrolled in the list of membership. Business of importance to all members will be presented to the lodge, an entertaining literary program is promised by the committee, and the fine band presented at the Grand Lodge will be unfurled. Don't forget.

We still have quite a number of "Our Family Physician," which we offered as a premium last fall, and we will offer them on the same terms, viz. The REGISTER one year and the book for \$2.25. A. H. Harris has sold his interest in the Farmer's Friend to his partner, Mr. Wilson, and will return to his old home in Woodson county. Mr. Harris has put in a year of hard work and has probably done as well with his paper as was possible under the circumstances. He has our good wishes for better luck the next time.  
Mr. Wallace Duncan is at home this week on a visit to his family. He has been engaged for some months past with a large Chicago public library company, writing up the local history of various Southern States. His father is employed by the same firm and is now at work in Texas. We are glad to learn that both are doing well.  
If you are going west, try the Mo. Pac. Route. Free reclining chairs and Pullman Palace sleeping cars run on all trains. Twelve hours quicker time via this route to all Pacific coast points than any other route. Baggage checked through to destination. Any information will be cheerfully given by R. S. Happersett, Ag't.

Mr. H. L. Luanco, of Osage, was among our callers Tuesday and renewed his subscription to the REGISTER, of which he has been a steady and valued patron for many years. Mr. Luanco is a pleasant man personally and we like him; but he doesn't get into an awful fix politically every once in awhile.

Some forty or more of the friends of Mrs. M. P. Jacoby called on her without previous notice last Monday evening to extend their congratulations on another return of her birth day. They did not forget to bring with them a sufficient supply of fruits and other refreshments and the evening was made an exceedingly pleasant one for both the hostess and her unexpected but welcome guests.

The subscription list for the purchase of chairs for the Presbyterian church has been left at this office for collection. The ladies having the matter in charge are ready to order the chairs and they would respectfully urge that all who have subscribed should pay the amounts promised within ten days. A sample chair can be seen at Scott's drugstore.

The Evaporator has already used 8,000 bushels of apples this season and is still running at that rate. That means the distribution of a good deal of money for a product which would largely have gone to waste but for the establishment of this enterprise. Mr. Claiborne says it is his intention to enlarge the plant next season.

As a matter of accommodation to those who have not responded to our first call, we have decided to extend the date for the settlement of bills due us thirty days longer. But this is positively the last call. All accounts must be settled by Nov. 1, 1891. Richards & Welch.

We are glad to observe that some of the other papers of the county are following the good example set by the REGISTER in offering to send their issues to the county schools free of charge. They are a year behind, it is true, but that isn't very far—for them.

Prof. Picken says the past month has been the very pleasantest month of school work that he ever did in his life. He finds the teachers harmonious and devoted, and the pupils willing and earnest, and he looks forward to a most successful and enjoyable year.

A note from Mr. W. T. Shaw directs us to send his paper to Rockford, Ill. Mr. Shaw has secured a good position there and is well pleased with his prospects though he still regrets that he was obliged to leave Iola. He desires to be remembered to his old friends here.

Mr. Claiborne asks us to say that the Evaporator is still running and that he is paying from 20 to 30 cents a hundred for down apples. He will buy all apples that are not too small in size and are not decayed.

High School Notes.  
The lecture given by Pres. A. R. Taylor of the State Normal School was highly appreciated by all who heard it. The audience was not as large as it should have been but it was very attentive and orderly. Finding that the expenses were greater than the proceeds, Pres. Taylor presented the schools with a sum of money equal to the difference.

Pres. Taylor visited the schools Friday morning and gave the High School a very pleasant talk. We hope that he will come again.  
Our first month of school closed Friday. On Monday the pupils received their cards. The teachers request that parents, after careful examination of the card, sign and return them as early as convenient.

The High School was ranked one last week in attendance, an instance which has not occurred before in the last two years.  
Prof. Evilsizer desires a class of 75 instead of 15 scholars, as was stated, before giving free lessons to the High School.

**Card of Thanks.**  
We desire to extend our sincere thanks to the many friends and neighbors who so kindly and freely assisted us in the sickness and death of our beloved husband and brother. Words fail to express our obligation and gratitude to the people of Iola, but we hope that he who doeth all things well will mete out a full reward.  
MRS. MAGGIE WHITE.  
JULIUS WHITE.

**Teacher's Examination.**  
There will be a public examination of applicants for teacher's certificates held in the High School room at Iola, Saturday, Oct. 31, 1891, beginning at 7:30 a. m. and closing at 7 p. m.

The Evaporator has already used 8,000 bushels of apples this season and is still running at that rate. That means the distribution of a good deal of money for a product which would largely have gone to waste but for the establishment of this enterprise. Mr. Claiborne says it is his intention to enlarge the plant next season.

As a matter of accommodation to those who have not responded to our first call, we have decided to extend the date for the settlement of bills due us thirty days longer. But this is positively the last call. All accounts must be settled by Nov. 1, 1891. Richards & Welch.

Rev. O. L. Sumner and daughter, Mr. M. P. Jacoby, Mr. Wm Goodhue, Mrs. Wise and Mrs. Evans, represented Iola Sunday schools at the county convention held in Salem township this week. The REGISTER is indebted to Mr. Goodhue for an excellent report of the convention.

Mrs. W. J. Ihrig was happily surprised last evening by an unexpected raid on the part of a large number of her friends who took possession of the house and ran it to suit themselves for two or three hours. The occasion was Mrs. Ihrig's birthday and it was made a very enjoyable one for all concerned.

Mrs. Turner has just returned from St. Louis and the new millinery goods she bought are now arriving. The stock is unusually large and varied, and her patrons may be sure of finding something to suit them. Those who call early will have the largest assortment to choose from.

We are glad to observe that some of the other papers of the county are following the good example set by the REGISTER in offering to send their issues to the county schools free of charge. They are a year behind, it is true, but that isn't very far—for them.

Prof. Picken says the past month has been the very pleasantest month of school work that he ever did in his life. He finds the teachers harmonious and devoted, and the pupils willing and earnest, and he looks forward to a most successful and enjoyable year.

A note from Mr. W. T. Shaw directs us to send his paper to Rockford, Ill. Mr. Shaw has secured a good position there and is well pleased with his prospects though he still regrets that he was obliged to leave Iola. He desires to be remembered to his old friends here.

Mr. E. M. Eckley has traded his property just south of town for the Cook farm on the mound and will take possession in November. It is his intention to convert it into a fruit and hog farm, for both of which purposes it is well adapted.

Mr. Claiborne asks us to say that the Evaporator is still running and that he is paying from 20 to 30 cents a hundred for down apples. He will buy all apples that are not too small in size and are not decayed.

D. Ewart has traded farm property for A. C. G. Shockey's general merchandise stock at Moran and is out there this week inventing it. Mr. Ewart will continue to run the business at its present stand.

High School Notes.  
The lecture given by Pres. A. R. Taylor of the State Normal School was highly appreciated by all who heard it. The audience was not as large as it should have been but it was very attentive and orderly. Finding that the expenses were greater than the proceeds, Pres. Taylor presented the schools with a sum of money equal to the difference.

Pres. Taylor visited the schools Friday morning and gave the High School a very pleasant talk. We hope that he will come again.  
Our first month of school closed Friday. On Monday the pupils received their cards. The teachers request that parents, after careful examination of the card, sign and return them as early as convenient.

The High School was ranked one last week in attendance, an instance which has not occurred before in the last two years.  
Prof. Evilsizer desires a class of 75 instead of 15 scholars, as was stated, before giving free lessons to the High School.

**Card of Thanks.**  
We desire to extend our sincere thanks to the many friends and neighbors who so kindly and freely assisted us in the sickness and death of our beloved husband and brother. Words fail to express our obligation and gratitude to the people of Iola, but we hope that he who doeth all things well will mete out a full reward.  
MRS. MAGGIE WHITE.  
JULIUS WHITE.
